Lease:

Description: Syfi is a very sweet boy. Don't let his age fool you. He is 14 going on 5. He is full of life, in excellent health, and all business at shows. He is finished in HUS having earned a Superior in that event. He is also finished in Showmanship and Western Pleasure, Equitation and Horsemanship. He is excellent at patterns as he stays very quiet and patient. Lead change is almost automatic. Also started over caveletti's for Hunter Hack as well as Trail obstacles. Syfi could easily obtain a Versatility Award. He has always been with a professional trainer and continues to be so. He is so fun and great at shows, little to no warm up needed. He hauls great, easy to bath (does not mind his face washed and plays with the water). He is a gentle giant. He will lick you and loves to be the center of whatever is going on. He does not crib, no halter pulling and no pacing, weaving or pawing in his stall. Never had colic. His only faults would be two things 1) twitch needed to clip inside his ears (he's easy to twitch though) 2) you must keep him shod regularly. He has a low Palmer angle and requires wedge shoes. He has a clean set of X-rays and is not navicular. I

am only selling him because I just do not have time for him. Syfi will be an amazing Youth horse and continue to take care of any Amateur. You will totally enjoy this gentle giant. This is an opportunity to own a true career show horse for under \$10k with many years left to take you where you want to go!
