Description:

Gorgeous, tri-color reg. apha, gelding. He has 1000s of hours on the trail. His many hours on the trail have provided him the confidence to be a brave lead horse. He has been away camping where he stood tied at the camp site. He has jumped log jumps here and there meaning he has a lot of jumping life left in him. He has worked lightly in the ring. He yields to leg pressure: does side passes, turns on the hind end, turns on the front end and knows his leads. He trailers well, stands well, good for farrier, great for shots and deworming. He is not a child's horse nor for a beginner. He will be best suited for an intermediate and up level rider. He would be a great fox hunting mount, pleasure horse or english show prospect.
